

# FARMINGTON LIBRARY

*Farmington, Illinois*

- ICFs provided an ideal solution, creating a continuous, highly-efficient thermal envelope with a rigid structure and great sound absorption to keep exterior noise out of the library.
- Unique features include:
  - Rake walls
  - Clock tower soaring to 25' above the finished floor.
  - Two 2'x2'x20' pilasters on the west wall adds significant wind resistance.
